

CHEDER CHESHEK

Your peek at how Chinuch and Cheshek go hand in hand

A Message from the Menahel

The month of תשרי is rich in the delicious geshmak a yiddeshe life offers.

In Yeshiva, our Rebbeim and Teachers strive to provide the talmidim with the knowledge and tools to tap into these experiences.

Our minyan experienced moving סליחות, allowing for heartfelt י"ג מידות to be said again and again.

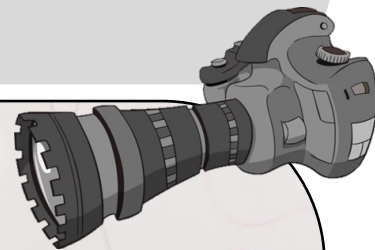

We all connected and prepared for the majestic moments שופר תקיעת, building excitement for those holy blasts.

During תשובה ימי עשרת, our middle school worked on the midda of ותרתנות and the whole yeshiva enjoyed the excitement and seriousness of כפרות.

With שמחת החג in the air these past few days, we can look back with feelings of accomplishment on the way the lessons and joys of חודש תשרי were taught, modeled and absorbed in our wonderful school!
