

CHEDER CHESHEK

Your peek at how Chinuch and Cheshek go hand in hand

A Message from the Menahel

This month we are focusing on the midda of *Taking Perspective*.

Some of the older grades even explored the advanced level of this midda, נושא בעול עם חבירו - *experiencing the experience of one's friend*.

The concept of living a life thinking of others is our inheritance from אברהם אבינו. Throughout the פסוקים that describe his life, אברהם is always thinking of others and truly seeking to benefit them.

ב"ה, this legacy is thriving at the Cheder!

From our sensitive and mature 7th & 8th grade coaches to the entire 1st grade class that saved treats for their friend who was absent, thinking of others is just the way things work around here.

May we all continue to shtieg in this fundamental midda!

Have a wonderful Shabbos!

Picture of the Week!

Hooray for Gym! This week began our amazing Phys-Ed program under the leadership of our super 7th and 8th grade coaches and of course our amazing Head Coach, Rabbi Hollander!

Happenings Around the Cheder

1st Grade warming up before their first GYM of the year!

Great Work!

Who Am I?
 By kavai RGomsash
 This is me. Can you guess who I am?
 I like math, recess, and snack. I like math that
 has money in it. My skin is tan. I have a cut on
 my hands. Can you guess who I am?

Who Am I?
 By laIn
 This is me. I love learning
 I can teach you about Jewish history. I have 4 sib-
 lings. My 4 siblings are great. Can
 you guess who I am?

Third graders wrote "Perfect Paragraphs" describing themselves. Can you guess who? (Their names are scrambled.)

חשון Assemblies!

Loads of *חן*, love for *גשם* and some serious perspective-taking, dominated our many *חשון* assemblies. Below are pictures of 4th-6th analyzing an entertaining scene at the *kosel* and taking the perspective of those in the picture!

א"ס

Library Begins!

Library is so enjoyable! There is story listening time, great word activities, private reading time and even checking out our own books! Hooray for Library!

א"ס

Math Lab Begins!

Math Lab is a time for exploring different math domains using math manipulatives, task cards, challenges, and games! In Math Lab, math is fun!

Happenings Around the Cheder

Our exciting Eretz Chemda Shmitta program began this week for grades 5th & 6th. The talmidim interacted with their live "Shmitta" Rebbe in Eretz Yisroel!

A super skittles science experiment in Mrs. Kieffer's 5th Grade Science class!

At the Pre1a-1st grade *תפילין* assembly we learned to SING "Thank you Hashem" for rain!

Oh how *gevaldik* and *geshmak kriah* is in Pre1a!

Happenings Around the Cheder

Numerous seforim write that the reason the month of חשוון is bare of ימים טובים is so that we have time to learn Torah & live a Toradike life! At the Cheder, it means lots of learning & programs to help us shtieg & shtieg! Below is a short summary of some of the programs we have just begun.

Middos Matter

Middos Matter is our special middos program for grades Pre1a-6th. Aside from a "midda of the month," talmidim develop "middos" vocabulary and are recognized for their good middos with middos matter cards. Cards serve as a raffle ticket to weekly raffles. Though raffle prizes are great, the real prize is our good middos! 7th & 8th also focus on middos at their monthly middos shmuez & kumzitz!

Ta'am Shabbos

Ta'am Shabbos encourages a productive and uplifting Shabbos for talmidim in grades 2nd - 4th. Participation includes Ta'am Shabbos chazara, helping set/clear the Shabbos seuda and sharing a dvar Torah or niggun with the family. Talmidim who complete all three above items and bring in the signed form, receive a weekly prize and are entered into a monthly raffle! Though raffle prizes are great, the real prize is our Shabbosdike Shabbos!

Shnayim Mikra

For grades 4th - 8th. Weekly prizes, monthly prizes and even trips! Best of all, we train ourselves to be מקיים this מצוה for life!

Points from the Principal

This week was such a special week! Specials have begun Baruch Hashem, and it's a nachas watching. This week I saw a student in Math Lab cheer when he figured out a geoboard challenge. I saw boys in Gym stretching, drilling, and being so kind to each other as Rabbi Hollander and the 7th and 8th graders led the way. During Library I saw boys listen to the read-aloud and then check out their books with smiles. One 3rd grader said he appreciated the 'sophistication' of Library time! Thank you Teachers for the time and devotion in making the Specials an educational, fun, and SPECIAL experience for everyone!

Have a great Shabbos!

Dedications

We are so grateful to....

The Litman family for dedicating a day of learning on Wednesday, October 13th, י' חשוון '18, l'eilu nishmas Chaya Ella bas Avraham a"h.

Coming Up...

October 15, 2021

Dear Early Childhood, Pre1A and First Grade Parents,

Healthy habits and safety measures are most effective when they are introduced early, both at school and at home. For this reason, we are happy to offer a safety workshop, specifically catering to our younger students.

Due to covid related restrictions, it has been a few years since the school has offered this workshop and we encourage at least one parent to participate.

The workshop will be presented by our School Guidance Counselor, Mrs. Kiki Millman. The workshop will open with a segment on educating young children in areas of kedusha and tznius, presented by Rabbi Seldowitz and will conclude with time for Q and A.

Workshop Location: 1333 Broad Street

Date: Wednesday, October 20th

Time: 8:30 p.m.

Looking forward to greeting you personally,

Rabbi Yosef Seldowitz

Mrs. Rivkie Teitz

Mrs. Basya Malka Levit

Mrs. Kiki Millman
