*Your peek at how Chinuch and Cheshek go hand in hand*

## A Message from the Menahel

Yaakov Avinu spent 14 years of non-stop learning in Yeshivas Sheim V'Eiver.

With such an education, it may be surprising that he soon took a job tending to a flock of mindless sheep.

Yet this is no surprise once we understand the fundamental difference between learning Torah and studying other wisdoms.

Torah is intended to be learned לשמה.

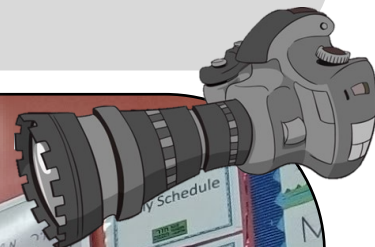

When learned לשמה it brings us closer to Hashem and positively transforms our character.

14 years of learning in Yeshivas Sheim V'Eiver prepared Yaakov to see the world through a Torah lens and trained him to use every opportunity encountered to be מקדש שם שמים.

Yaakov Avinu's education was such, that tending to his flock of sheep became worthy of countless pesukim in the Torah!

What an incredible זכות we have to learn תורה לשמה!
