A Message from the Menahel

Unity for a positive purpose is Hashem's universal goal.

When Yosef revealed himself to his brothers, the hearts of בני ישראל were united for the first time in history. עשרה בטבת is approaching. The day the process of our bitter and confusing גלות began.

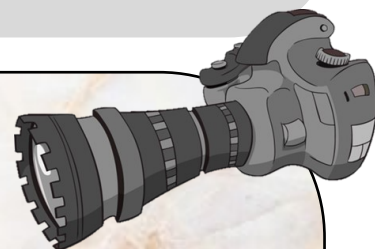

By internalizing the timeless message of unity, we hope to bring about the day when בני ישראל will be reunited for the final time in history בקבוץ גליותנו במהרה!

Points from the Principal

Coming from a high of Chanuka, I had planned for a simple and easy week. Boggle, POW, Write Right.... I was planning to put a pause on programs and help everyone settle back into regular classroom routines. But our school didn't let! Students came in on Monday energized, and expecting to be challenged in multiple ways. Regular challenges were back on, and the bar was raised in class. Whether a new reading skill, reading system, homework system, or other endeavor, students needed the Chanuka momentum to keep going, and the way it came out was through academic creativity and a push for more. Our boys are so inspiring!

Have a great Shabbos!
