

## FACTS Tuition Collection Program

Dear Parents,

At Clifton Cheder, we are committed to the long-term growth and improvement of our school. We are all aware that in today's educational environment a school must be financially stable as well as academically excellent.

In an effort to maintain a regular cash flow, we have chosen FACTS Tuition Management to ensure smooth tuition collection. The FACTS program is recognized by many professional associations, and they service many Jewish schools like ours throughout the country.

A Few Things to Know:

- Enrolling in FACTS: To enroll in FACTS please visit our website at [cliftoncheder.org](http://cliftoncheder.org) and click on the FACTS option, which can be found in the dropdown menu under 'Parents.' You will create your log in credentials, choose your payment plan & payment date and enter your information. Enrollment takes only a few minutes.
- Convenience & Security: Your payments are processed through a secure electronic funds transfer. Automatic payments can be made from a checking or savings account or from a variety of credit cards. You can choose to have email reminders sent in advance of your payment due date if preferred.
- Payment Dates & Plans: You may choose to pay in full or schedule your payments through a convenient payment plan. You may choose either the 10<sup>th</sup> or 25<sup>th</sup> of the month as your scheduled payment date.
- Your Consumer Portal: At any time you can check your personal online account to view your payment history, next scheduled payment, change between financial accounts, or make a payment on-line.

This program has proven helpful over the past few years and we look forward to its continued use.

Sincerely,

Rabbi Yitzchak Kagan  
Administrator
