## CHEDER CHESHEK

Your peek at how Chinuch and Cheshek go hand in hand

#### - A Message from the Menahel

Baruch Hashem for another school year!

After a long summer, our rooms and halls are filled with the beautiful sights and sounds of our Talmidim's return!

Welcome to our new Pre1a class! Baruch Hashem, they are already well on their way to the geshmak a Cheder talmid experiences at our unique Yeshiva!

This year we were ווכה to begin the school year on ווכה!

One of the well known Roshei Tievos of Elul is אני לדודי ודודי לי.

This represents the Cheder's most important goals - to share with our talmidim the deep loving relationship every Yid has with the Ribono shel Olam.

May we all be זוכה to feel his closeness at all times!

Welcome Pre1a!

Parshas Shoftim

#### Points from the Principal

"Coloring, meeting my teacher and Rebbe, recess, science, my teacher and Rebbe, astronomy, drawing, all of it".... What was the best part of the start of school?

My best part was that when I asked the above question, the response took time. This is because the initial response before an answer could be thought of was "All of it!".

Welcome back! I'm looking forward to sharing a great year together!

Have a wonderful Shabbos

- Mrs. Gilden
