

CHEDER CHESHEK

Your peek at how Chinuch and Cheshek go hand in hand

A Message from the Menahel

Shabbos Hagadol is a great time to think about what it means to be big.

For a boy, the transition from a קטן - someone small, to a גדול - someone big, happens on his 13th birthday.

On that day he becomes a מְצַוָּה וְעוֹשֶׂה - one who is responsible fulfill Hashem's commands.

3,334 years ago, Klal Yisroel was charged with the responsibility to fulfill their first mitzvah obligation of tying the Korban Pesach sheep to their beds.

The commemoration of this monumental occasion is held annually on Shabbos Hagadol.

Being big means one is responsible and capable of fulfilling an obligation.

The greater a responsibility one takes, the greater גדול he is.

Our גדולים have always broadened their responsibility to include all of Klal Yisroel and even all of the world.

This is our hope for ourselves and our children - זה הקטן גדול יהיה.

Third Grade Clifton Cheder

My dear boys inpe

What a great idea! I really enjoyed your book! Different from a '27 or a teacher an author does not see the readers of their books, so it is always a pleasure to get feedback- particularly from a whole class! It gives me the chizuk I need to continue writing.

So, thank you all very much. May Hashem help you follow in the footsteps of these gedolim so that one day someone will write a book about you!

Ref. S Feldbrand

After reading and writing their gedolim biographies, Miss Szpilzinger's 3rd grade class wrote a thank you letter to the gedolim books' author, Rebbetzin Sarah Feldbrand, and received a letter back!

Points from the Principal

The votes are in and counted and we have a name for our upcoming fair! Get ready for the Clifton Cheder's HELPING H.A.N.D.S. (Halt And Notice Do Something) Fair!

This week we began to explore Helpfulness by studying an important way to help ourselves... by exercising! First we *noticed* what our body needs to work smoothly, and then we *exercised* to help those areas out. Areas of balance, strength, flexibility, building endurance and more were explained and practiced in stations around the gym as the boys helped their bodies out. The best part? In many ways while helping themselves they needed to help each other as well. :)
