

CHEDER CHESHEK

Your peek at how Chinuch and Cheshek go hand in hand

A Message from the Menahel

At its core, Torah chinuch is all about sharing positive experiences.

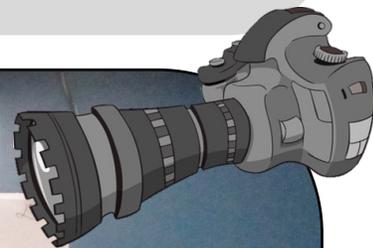

The sweetness of the honey at our Rosh Hashana סעודות, accompanies the exalted feelings experienced during תקיעת שופר.

The love conveyed at הבנינים ברכת right before Yom Kippur, is the conduit for an emotional connection with this יום קדוש.

The excitement of sukkos construction, the freshness of the מינים 'ד, the warmth of celebrating with family all crescendo into the שמחה של מצוה of living in our סוכה.

Our tone, our attitude and our approach during these auspicious days is what cements our children's identities and plants the seeds for a life of fulfillment as an עבד ה'.
