A Message from the Menahel

ספר שמות is also called ספר הגאולה.

This ספר represents גאולה as in it, Bnei Yisroel are redeemed from גלות מצרים, become a nation, build a משכן and are זוכה to the completion of their גאולה with the presence of Hashem's שכינה in their midst.

But still, we call the Sefer שמות - Names.

One reason for this is because the secret of each individual's גאולה is reflected in his name.

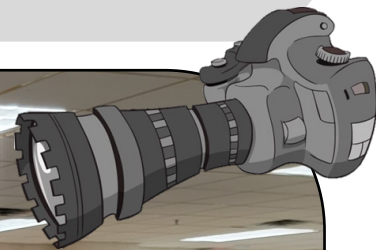

A name contains one's essence and symbolizes one's uniquely powerful potential.

When one taps into the power of their essence and their own unique potential, their גאולה is quick to follow.

To be זוכה to גאולה, we only need to respect our שמות - our names, look into ourselves and bring out the unique wonder Hashem planted within each of us.

May the start of ספר שמות help us be זוכה to the ultimate גאולה, במהרה בימינו אמן.

Saturn
By Y.S. Gutstein
I chose planet Saturn. It has the biggest ring. Read on to learn more...
Saturn is the 6th planet in the solar system. It is a gas giant. A day on Saturn is 10 Earth hours. A year on Saturn is 29 Earth years. Saturn is the 2nd to biggest planet. These are facts about Saturn.

I chose Saturn because of the ring. Saturn has 30 moons. This is writing about Saturn.

Yaakov Shalom Gutstein (3rd) researched Saturn.
