

# A PEEK INTO OUR WEEK

## A MESSAGE FROM MORAH TEITZ

ויקהל משה את כל קהל עדת בני ישראל

Why was it important for משה רבינו to gather all the אידען and teach them about the building of the mishkan?

Reb Yaakov Kamenetzky explains that in order to have the שכינה dwell in the משכן, there needs to be אחדות amongst the אידען.

This week we also lain פרשת שקלים מצוה. The מצוה of השקל teaches us the importance of אחדות. Every yid donated a half a שקל. One size fits all in this מצוה. Everyone was treated equally and gave the same amount. The power of אחדות!

The אלשיך explains that just like a half a שקל becomes whole when joined with another, so too a yid achieves fulfillment by connecting with other אידען - באחדות.

אחדות is watching a 4th grader turn the jump rope for Pre1a.

אחדות is when a 7th grader assists a 1st grader that fell at recess.

אחדות is a BYC kumzitz on שבת ערב together!

# Partner Perks

Have you ever worked on a project with a partner? Being a partner means that both you and your partner work together. You each have ideas and try to decide which is the best thing to do. You both enjoy the benefits of working together.

Shlomo's store was not doing well. He wasn't making enough money. He decided to go the Rach Yerachmiel of Alexander for help.

Rav Yerachmiel knew that Shlomo kept his store open on Shabbos, hoping to make more money that way. Rav Yerachmiel had an idea.

"I want to become your partner, Shlomo. Maybe this will help your store. But I don't want to be an equal partner and own half of the business; I just want one seventh.

That means, if you divide what you make into seven parts, I will own one part."

"Certainly, Rabbi. If this is what you think will help, I will gladly take you as a partner." Shlomo reached out to shake the Rav's hand on the deal. "Excellent." The Rav smiled. "Now that I own one seventh of your business, I want to be in charge of Shabbos, which is one out of the seven days of the week. All the money that you make on Shabbos belongs to me. And I'm deciding that the store will be closed on Shabbos."

Shlomo opened his mouth to protest this idea. The Rav stopped him.

**"Shlomo, when you keep Shabbos you are really becoming a partner with Hashem, not with me. Hashem is the One Who brings all the money and blessings to a person. There is no better partner than Hashem Himself."**

When we stand up for קידוש on Friday night and say ויכלו it's like we are becoming partners with Hashem by recognizing that Hashem is the only One who created the whole world and everything comes from Him. Then all of Hashem's tremendous ברכה can flow into our week.
