A Message from the Menahel

Baruch Hashem for routines!

This week we enjoyed our first regular week in Yeshiva.

This regular week helped us establish the important routines of growth that will *ה"ב* continue throughout the year.

It also helped create a safe and enjoyable pattern for us to *ה"א* return to after the busy and exciting month of תשרי.

Like settling into a comfortable familiar couch after a long and exhilarating trip, the regular routines we are establishing now will serve us well after each break of excitement throughout the year.

Every *יום טוב* and every aspect of our *עבודת ה'* requires *הכנה* - preparation.

This week, we not only prepared for the upcoming *ימים טובים* but for our return after the *ימים טובים* as well!

May our routines bring Hashem *נחת רוח* and serve as a *זכות* for us during the upcoming *ימי הדין*.
