A Message from the Menahel

We want שלום!

This week, there was a strong focus on the importance of שלום and the many rewards it brings.

In our younger grades assemblies we explored how a shared focus on שלום can easily resolve conflicts and naturally harness an outpouring of ברכה. We noted how the Torah was only given when Klal Yisroel was בשלום and that we have been assured that Moshiach will finally arrive when we are once again בשלום.

Our older grades learned that the name of Hashem's city - ירושלים - is comprised from the words יראה and שלום. As much as shalom is a focus, יראת שמים can and must always dictate our decisions.

From the life of Rav Shlomo Zalman Auerbach זצ"ל, we were inspired to excel in both שלום and יראת שמים, and enjoyed analyzing key stories and footage from his life.

Parshas Noach begins with the emptiness of the דור המבול followed by their destruction and concludes with the pleasant life of אמונה and חסד modeled by אברהם אבינו, leading into the ברכות he receives in לך פרשת לך לך.

What a joy it is to continue his legacy!

Points from the Principal

This was a special week.

On one hand this was a week of many beginnings.

Specials have begun starting with Library Time, Math Lab, and Gym!

Exciting unit studies began - the boys are learning about maps, government and Japan!

Our Middos Matter program has begun!

Weekly Challenges began with a palindrome contest and with Eliezer Seldowitz and Mordechai Simcha Jacob winning by finding the most palindromes.... WOW!

However, with all the beginnings what made the week so special was that nothing felt new. For each new beginning were solid moments of calm routine.

The boys are deep in the middle of their plant projects, embedded in the routines of their reading groups, and picking up where they left off on their writing assignments.

Appreciating the new while not letting go of the good we already have is a fabulous formula for a sweet new year.

Have a wonderful Shabbos!

Mazel Tov!

Dovid Shacham on his Hanachas Tefillin!
