

# The Preschool Peckelach

## MESSAGE FROM MRS. LEVIT :

Learning about the Parsha in our classes is such a rich and exciting part of our curriculum. Of course, as Yidden, we know the importance of living Torah, and that's exactly what you see in our classrooms. In the week of Chayei Sarah, the chesed and middos continued, as we learned about Rivka and her incredible kindness. Each class baked fresh challah and created special hadlakas neiros or hafrashas challah signs to enhance their learning of the brochos that persisted over Rivka Imeinu's Ohel.

In Parshas Toldos, we are introduced to Yaakov and Eisav. Focusing on the mitzvah of Kibbud Av Va'em, learning about our sense of touch, cooking lentil soup (wow, did our EC wing smell delicious this week!) and focusing on the concepts of same and different and opposites were all an integral part of our week. Chasdei Hashem, our week ended with not only Erev Shabbos Ruach but a special Rosh Chodesh Assembly as well! Enjoy the pictures and have a wonderful Shabbos and a Gutten Chodesh!

Have nachas and enjoy!

Good Shabbos!

## Hey is for הצלה!

A VERY Special Yasher Koach to Rabbi Weiderman (Pre 1A Rebbe) for taking the time to visit our Kindergarten students as a member of Hatzala. The kinderlach were able to explore all the parts of the ambulance, learn what hatzala is for and even went on a scavenger hunt inside the ambulance to search for the letter "hey!"

Our Exceptional Early Childhood Morahs... Doing what they do best!!

Our EC students enjoying Music and Movement with Morah Chaya Weitzman! We are so happy to have music classes twice a month!

Rosh Chodesh Kislev Excitement fills the air  
as we practice "Lighting up the Nights!"
