## A Message from the Menahel

The last mitzvah in the Torah is to write a Sefer Torah - ועתה כתבו לכם את השירה הזאת.

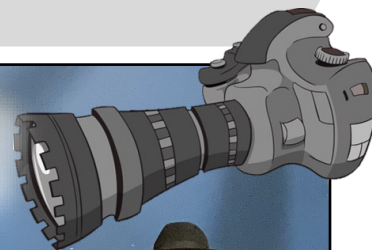

The Sefer Torah is referred to as a שירה - a song.

Just like a song, the Torah is intended to permeate our being with its meaningful messages, unifying our minds and hearts in the joyful experience of עבודת ה'.

How fitting it was to conclude our year with such a meaningful Hachnasas Sefer Torah. An event which really touched our hearts and will remain an experience etched in our souls for always.

Wishing everyone a wonderful summer!
