

A PEEK INTO OUR WEEK

A MESSAGE FROM MORAH TEITZ

It was wonderful greeting our BYC talmidos back to school as they returned uplifted from an enjoyable and meaningful yom tov. We are hopeful that this feeling will carry us through the long winter. Rosh Chodesh Cheshvan brought much excitement as the girls were introduced to our middos theme of "Middos Under Construction." Working on our middos, perfecting our character and striving to become a better person is our mission in life.

In this week's פרשה, the פסוק describes נח as an "איש צדיק". Rav Moshe Feinstein זצ"ל points out that before one can be considered a צדיק he has to be a mentch. A mentch is one that acts with middos tovos and is considerate of others. This is the foundation on which one can grow and develop into an איש צדיק. As we begin our school year, we hope to WORK together to BUILD ourselves to become the best that we can be!
