CHEDER CHESHEK

Your peek at how Chinuch and Cheshek go hand in hand

A Message from the Menahel

An exalted people lead an exalted lifestyle.

From a repetition in the beginning of this week's פרשה, we learn that those entrusted to care for young Kohanim must safeguard their אהרה.

The Rambam refers to this as being החנך הכהן קטן לקדושה - training the young Kohen for holiness.

Contrasting this to the general obligation to guard children from איסורין, which the Rambam describes as emphasizing how bad the איסור is, being mechanech for קדושה takes on a more positive tone.

When speaking of a lifestyle of קדושה, the focus is how great we are and how great people live.

We are special and special people act in a special way!

This is how our ממלכת כהנים remains a אווי קדש!

(As heard from Rav Aharon Lopiansky שליט״א)

Reading Group "siyum" with Mrs. Bloom!

Points from the Principal

What goes with you wherever you go but always gets left behind? Your fingerprints!

This week pre1a-4th took part in a fingerprint investigation. There are reasons for fingerprints that are common for everyone. Fingerprints help us grip, and help our body manage and produce oils. However at the same time, Hashem gave everyone a unique fingerprint.

We are similar in so many ways - we all write, read, and solve math problems. Yet everyone is so unique! I love reading the different writings, hearing everyone's own thoughts about a book, and understanding the thought process behind a math problem.

Hashem gave everyone their own neshama, and it's an honor getting to work with everyone. Have a great Shabbos!
