

A PEEK INTO OUR WEEK

A MESSAGE FROM MORAH TEITZ

גדולה, is not an inborn trait, it comes from the strength we build when we stumble and rise up again.

This שבת we ליינ which discusses the first מצוה of קידוש החדש that was given to כלל ישראל as a nation. This מצוה symbolizes the power of renewal. We, like the moon may at times stumble and shrink; our full light may recede. But, then we begin rebuilding with the strength of התחדשות until our full light is shining brightly once again.

In תשפ"ג, as we strive towards גדולה the message of קידוש החדש reminds us that we can all overcome our obstacles, renew ourselves, change course and reach our goal!

Happy Birthday!

ר' חיים קניבסקי זצ"ל

גדולה באחריות

ר' חיים was known to talk about his חובות. People thought he had חובות, debts and he owed others money! ר' חיים was really talking about חובות in learning. ר' חיים had in mind to learn a certain amount each day and he constantly wanted to make sure that he would fulfill his "debts" and be able to learn what he had planned for that day. ר' חיים took אחריות for his learning and his mitzvos. He made sure to follow through and take responsibility for what he set out to accomplish each day.

We can learn from ר' חיים קניבסקי to take אחריות for ourselves!

Please share this story with your family over שבת!

Poem

Make my bed?

Take a Shower?

Go to bed on time?

clean up my knocked down tower?

and get my homework signed?

Why do I have to do it

it's so hard, can't you see?

Wait! Now I remember! ..

It's my responsibility
