

CHEDER CHESHEK

Your peek at how Chinuch and Cheshek go hand in hand

A Message from the Menahel

The פרשה begins with the words “כי תצא למלחמה על איבך” - “When you go to war on your enemy.”

The פסוק continues “ונתנו ה' אלוקך בידך” - “And Hashem gives him into your hand.”

These words contain a hint to one of the most important elements needed when battling our primary enemy, the Yetzer Hara.

In order to win... one needs to start the fight!

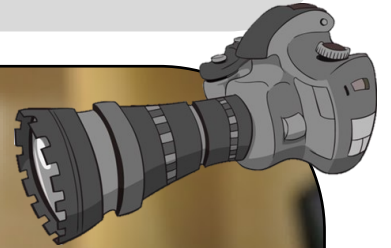

As עובדי ה' we must go out and meet our challenges.

Despair and avoidance cannot result in victory.

Baruch Hashem, we are guaranteed success when we go out to “war” לשם שמים.

May we all have the strength to be תצא למלחמה and see the Yeshuos for ourselves and all of כלל ישראל!
