

A PEEK INTO OUR WEEK

A MESSAGE FROM MORAH TEITZ

What brings us to true happiness?
What brings us to the joyous state called שמחה?
A life filled with תורה and מצות!

There are so many שמחה filled moments at BYC connected to learning תורה.
The joy of completing a פרשה in חומש!
The simcha of a התחלת חומש celebration!
The happiness on תלמידות faces as they begin to learn רש"י for the very first time!
The delight on a Morah's face as she leads her class in a heartfelt davening!
The elation of coming to learn at BYC every day!

As we begin חדש אדר and focus on the מדה of שמחה, may it truly be a month of מצות של שמחה, שמחה של תורה, and שמחת החיים for us all!

Happy Birthday!

Coming Up Next Week

Mazel Tov!

Tirtza Rapoport Rachelli Rosenberg
Dassi Friedlander Layla Strimber
Racheli Zarkhin

Celebration – 1st grade
Predict It! – grades 3-5
Brochos Bee #2 – grades 2-5

Morah Aliza Friedman on the engagement of her daughter.

Chana Rivka Lord:

I was on a ropes course, and I decided to turn around and restart so the girl behind me could get past.

Tzophia Cantor:

I went to a store, and I noticed someone who looked different and was acting unusual. I was careful not to stare at her.

Layla Zanziper:

I said thank you to my cleaning lady and to the contractor in Spanish!

We are so proud of the many תלמידות that were careful to make a 'קידוש over winter break.

Rikki Davis:

When I went to Kids Empire, I was about to go down a really cool slide and I let someone else go ahead of me!

Tzofia Litman:

I went to Florida, and I went to say hello to the pilot. When I got off the plane the flight attendant had a message for me from the pilot, He said I was very well mannered!

Tirtza Rapoport:

I stayed overnight in a place with a lot of old people. I offered to carry an elderly woman's bag up to the 4th floor. When I was done, she said, "You are so special."

In and Around BYC

Thank you, Mrs. Feder for an "Maze"ing assembly promoting reading and literacy. We look forward to meeting with our reading buddy over the next few weeks.

Morah Rivka's 1st grade doctors performed surgery on some words to create contractions.

שם שמים שגור בפיו made כתה ד' cards to remind them to always think about 'ה'.

Mazel Tov חיי שרה upon completing ג' כתה. Thank you, Morah Daum for the exciting סיום.

פרשת קרח marked the completion of ד' כתה with a סיום at Morah Swerdloff's house.

2nd grade began learning about the different coins and their value. They made their very own duct tape purses to keep the coins that they earn!

3rd graders are learning about the galaxy Milky Way. They made a Venn diagram comparing the similarities and differences of the earth and the sun.

In our **שבת נועם** lesson this week, we learned about the chosson kallah relationship between **שבת** and **כלל ישראל**.

4th grade practiced long multiplication with a card game.

ב' **פרשת נח** on **סיומ** in honor of **מטריות** decorated **כתה ב'**.

Miss Grunhaus' 7th graders made beaded neurons to demonstrate real neurons in their brain.

6th graders made musical instruments in conjunction with a unit on sound.

Mrs. Wolinsky's 6th grade students practiced the ancient art of cuneiform on clay tablets.

כיתות ב'-ה' were introduced to a unit on **ברכות** with a skit performed by our moros. They are reviewing **הלכות ברכות** on sweets and snacks.

“Happiness is not by chance, it's by choice.”
