## *A Message from the Menahel*

ל"ג בעומר is a deep and meaningful day of celebration.

We celebrate the continuity of our מסורת התורה.

We celebrate the revelation of the deepest secrets of the Torah.

We celebrate our improved respect and value for each other through rejoicing happily with one another.

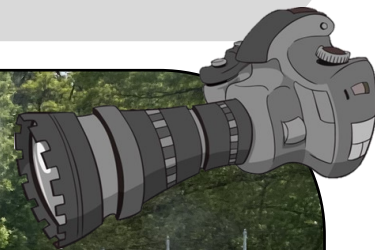

ל"ג בעומר reflected the lessons of ב"ה the camaraderie and Torahdike ruach that permeated every part of our

In many ways, ל"ג בעומר at the Cheder represents what our Yeshiva is all about.

The refined Torah-based simcha and intrinsic contentment that was felt defines the inner experience of a true בן תורה. It is how we learn, how we daven and most importantly, how we live.

May we all continue to carry the wonderful experience of ל"ג בעומר with us forever!

## Points from the Principal

Top ways to tell Lag B'omer was the best day ever:

4- You hear in the hall "This is the best day ever!"

3- Boys can't pinpoint their best part during a graphing lesson - they shake their heads with a smile and say "everything!"

2- Multiple boys say "Thank you!" to you throughout the day—not for a particular reason but because they are so happy.

1- You find Pre1A taking a nap on the rug at the end of the day.. completely zonked. :)

Have a wonderful Shabbos!
