

A PEEK INTO OUR WEEK

A MESSAGE FROM MORAH TEITZ

Today is פורים קטן! פורים קטן means small, but small does not mean less. In yiddishkeit it's the small things that count! Small daily acts of חסד, small doses of encouragement to a friend, small תפילות throughout the day can bring about big and long-lasting accomplishments.

The path to accomplish great things lies in our small daily actions and these small acts are the secret to our growth and שלימות as a true yid!

Let's all look out for the opportunity to do small things--great!
A פרייליכען פורים קטן!

Happy Birthday!
