

The Preschool Pecklach

From the desk of Mrs. Basya Malka Levit ...

It's been a very exciting few weeks here in our preschool! Rosh Chodesh is always such a special day and the theme of Kislev (which was introduced) is Emunah and Bitachon! As we are introduced to the story of Chanukah, we will emphasize that the Maccabim had such strong Emunah, even during such turbulent times. In Parsha, we also learn about the Emunah and Bitachon of our Imahos and Avos despite their many nisyonos. This week, we focused on the incredible middah of vatranus. Mevater charts are up in some of our classes, and our preschoolers earn points for being mevater. This is no easy task, but is so much easier to comprehend when children learn in very concrete ways. Young children are so naturally eager to do mitzvos!! By modeling a middah ourselves or making a big deal as soon as our little ones do a mitzvah, they learn so much- Baruch Hashem! While learning Sefer Bereishis, our little ones will be familiarized with the fact that we are the (only) AM HANIVCHAR and that Hashem gave his holy Torah to us!!! When we learn mitzvos and different middos from each Parsha, we emphasize that we are emulating Hashem! In this week's parsha we learned how Yaakov had to work, so hard, to marry Rochel, but then there was finally a CHASUNAH! And guess what? We had one too!! The kindergarten Morahs and kinderlach set up a beautiful "chasunah" for the whole preschool to celebrate the marriage Yaakov and Rochel! MAZEL TOV!!

Enjoy the pictures and have a great Shabbos!!

The Chasunah!

Thank you for dedication the learning

Learning & Playing at the Cheder

Circle Time!

We are...

Having a birthday party for our Morah!

Connecting art to the Parsha.

Baking Challah Just like our Imahos!

Making our own Be'er, for Parshas Chayei Sarah

Reading on our own!

Learning new math concepts!

Beading together

Hiding in the cave and playing dreidel—Just like the Yidden
in the times of Antiochus!

We play on a rainy day

Happy Birthday to you!
